## Independent Auditor's Report

Board of Directors  
Morrison Creek Metropolitan Water and Sanitation District  
Routt County, Colorado

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Morrison Creek Metropolitan Water and Sanitation District (the District), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Morrison Creek Metropolitan Water and Sanitation District as of December 31, 2014, and the respective changes in financial position, and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Report on Summarized Comparative Financial Information

We have previously audited the District's 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 18, 2014. In our opinion, the summarized comparative financial information presented herein as of and for the year ended December 31, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

### Other Matters

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3-6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The supplementary information consisting of the Enterprise Fund schedule of revenues, expenditures and changes in fund balance – budget and actual on page 16 is presented for purpose of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**MORRISON CREEK METROPOLITAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2014**

The discussion and analysis of the Morrison Creek Metropolitan Water and Sanitation District's (the "District") financial performance provides readers with an overall review of the financial activities of the District for the year ended December 31, 2014. The intent of this discussion and analysis is to look at the District's financial position as a whole; readers should also review the basic financial statements to enhance their understanding of the District's financial performance.

**FINANCIAL HIGHLIGHTS**

- The District's assets exceeded liabilities by \$ 4,059,385, an increase of \$7,133 from 2013.
- Total District's cash and investments decreased by \$105,238
- The Districts reserve cash decreased by \$11,371

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the District as a financial whole. The statements then proceed to provide an increasingly detailed look at our specific financial conditions.

**OVERVIEW OF THE DISTRICTS FINANCIAL STATEMENTS**

**Fund Financial Statements**

The *Statement of Net Position* presents information on all District assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The *Statement of Revenues, Expenses and Changes in Net Position* presents information showing how net position changed during the current year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. uncollected service fees and earned but unused vacation leave).

The *Statement of Cash Flows* presents information about the cash receipts and cash payments of the District during the current year. When used with related disclosures and information in the other financial statements, the information provided in this statement should help financial report users assess the District's ability to generate future net cash flows, its ability to meet its obligations as they come due and its need for external financing. It also provides insight into the reasons for differences between operating income and associated cash receipts and payments; and the effects on the District's financial position of its cash and its non-cash investing, capital and related financing transactions during the year.

**Notes to Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10 to 15 of this report.

**Budgetary Comparisons.** The District adopts an annual appropriated budget for the Enterprise Fund. A budgetary comparison statement has been provided for the Enterprise Fund on Page 16 of this report.

**REPORTING THE DISTRICT AS A WHOLE**

**Net Position.** As noted earlier, net position may serve over time as a useful indicator of a government’s financial position.

The following table presents a summary of the district’s net position for 2013 and 2014.

<b>Assets</b>	<b>Business Type Activities</b>	
	<b><u>2013</u></b>	<b><u>2014</u></b>
Current and other assets	\$2,042,023	1,930,548
Capital assets	2,436,432	2,492,397
Total assets	4,478,455	4,422,945
<b>Liabilities</b>		
Current and other liabilities	141,673	79,455
Deferred Inflow of resources	284,530	284,105
Total Liabilities and Deferred Inflows of Resources	426,203	363,560
<b>Net Position</b>		
Net Investment in Capital Assets	2,436,432	2,492,397
Restricted Tabor	19,653	17,809
Unrestricted	1,596,167	1,549,179
Total Net Position	\$ 4,052,252	4,059,385

A significant portion of the District’s net position are unrestricted & designated for capital project funds totaling \$1,549,179 which can be used to meet the ongoing obligations to patrons and creditors.

Another significant portion of the District’s net position reflects its investment in capital assets. These assets include land, buildings plant, equipment and construction in progress. These capital assets are used to provide services to patrons; consequently they are not available for future spending.

The following table indicates the changes in net position for 2013 and 2014.

<b>Revenues:</b>	<b><u>2013</u></b>	<b><u>2014</u></b>
<b>Program revenues:</b>		
Charge for Services	\$259,215	280,753
Tap Fees	16,000	16,000
<b>General Revenues:</b>		
General property taxes	360,392	273,593
Specific ownership tax	23,689	18,310
Interest	9,415	4,964
<b>Total Revenues</b>	<b>\$671,099</b>	<b>\$593,620</b>
<b>Expenses:</b>	<b><u>2013</u></b>	<b><u>2014</u></b>
Payroll and employee benefits	\$ 258,372	256,412
Contractual Services	26,716	25,844
Professional Services	40,718	70,376
Operating expenses	58,397	52,624
Administration	53,397	43,333
Repairs & Maintenance	73,738	39,207
Depreciation	136,276	98,691
Total	647,614	586,487
Increase or decrease in net position	23,485	<b>7,133</b>

The District's net position increased by \$7,133 in 2014 as compared with an increase of \$23,485 in 2013.

### **FINANCIAL ANALYSIS OF THE DISTRICT'S FUND**

Information about the District's operations begins on page 7. This fund is accounted for using the accrual basis of accounting.

As of December 31, 2014 the total fund balance of the District's proprietary fund was \$4,059,385. Total cash & cash equivalents equals \$1,557,911. Approximately 20% of this or \$314,073 consists of unreserved fund equity, which is available as working capital and for current spending in accordance with the purposes of the District. The remainder of the fund equity is reserved to indicate it is not available for new spending because it is committed for the following purpose: 1) a state-constitution mandated emergency reserve of \$17,809 and 2) capital project and replacement fund of \$1,243,838. The District had total revenue of \$593,620 and total expense of \$586,487 of which \$98,691 was depreciation.

### **BUDGETARY HIGHLIGHTS**

The District's budget is prepared according to Colorado Statutes.

	<b>2014 Water &amp; Sanitation Fund Budget</b>	
	<b>Budget</b>	<b>Actual</b>
Beginning Fund Balance	\$4,052,252	\$4,052,252
Revenue & Other Sources	618,451	593,620
<u>Expenditures &amp; Depreciation</u>	<u>(1,337,565)</u>	<u>642,452</u>
Ending Fund balance		\$4,059,385

Actual revenue was \$24,831 less than budgeted. This was primarily due to less than budgeted interest income and water usage income. One tap fee and no vault impact fees were collected in 2014. Expenditures were \$695,113 less than budgeted.

### **CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets.** The District's investment in capital assets for its business-type activities as of December 31, 2014 totaled \$2,492,397 after accumulated depreciation. This investment includes all land, buildings, plant, equipment and construction in progress. The total increase in investment in capital assets for the current year was \$55,965.

The District uses the straight line depreciation method under GASB for its capital assets, except for land which is not depreciated.

**Long Term Debt.** During the year ended December 31, 2014 the District had no long term debt.

### **ECONOMIC FACTORS AND OTHER MATTERS**

**Other Matters.** The following factors are expected to have a significant effect on the District's financial position and results of operation and will have a significant effect on the District's future financial position and budget:

- A permanent reduction in property tax revenue due to the severe drop in the total assessed valuation in the District and the rejection by the electorate to allow an increase in the mill-levy.
- The rapidly accelerating need for capital replacement of the District's infrastructure -the majority of which is now 40 years old.
- No anticipated increase in tap fee revenue.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided or for additional financial information should be addressed to the District, 24490 Uncompahgre Road, Oak Creek, CO 80467.

**MORRISON CREEK METROPOLITAN WATER AND SANITATION DISTRICT**  
**Notes to Financial Statements**  
**December 31, 2014**  
(with summarized financial information as of December 31, 2013 and for the year then ended)

**Note 1: Summary of Significant Accounting Policies**

The Morrison Creek Metropolitan Water and Sanitation District (the District) was formed in 1972 to provide water and sanitation services for the Stagecoach Development located in Routt County, Colorado. Stagecoach is a rural community of approximately 500 residents located between the Town of Oak Creek and the City of Steamboat Springs. The District was formed as a special district pursuant to Title 32 of Colorado Revised Statutes (CRS).

The District's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for the establishment of US GAAP in governmental entities. The following summary of the more significant accounting policies of the District is presented to assist the reader in interpreting these financial statements, and should be viewed as an integral part of this report.

*Reporting Entity*

The reporting entity consists of (a) the primary government, i.e., the District, and (b) organizations for which the District is financially accountable. The District does not have any component units for which it is financially accountable.

*Measurement Focus and Basis of Accounting*

The District operates as an enterprise and the accompanying proprietary fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and, thus, this fund is maintained on the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred.

*Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position*

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents include cash on hand, demand deposits, short-term certificates of deposit, and highly liquid investment pool funds. Investments are stated at fair value.

Accounts Receivable

Amounts due to the District from charges for services provided are reported as accounts receivable. The District's management reviews accounts receivable periodically to consider the collectability of the balances. District management believes all accounts receivable to be fully collectible at December 31, 2014 and 2013. Therefore, no allowance for uncollectible accounts has been established.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

Inventories

Inventories consist of meters, chemicals, liquids and supplies used in District operations and are valued at cost.

**MORRISON CREEK METROPOLITAN WATER AND SANITATION DISTRICT**  
**Notes to Financial Statements**  
**December 31, 2014**  
(with summarized financial information as of December 31, 2013 and for the year then ended)

**Note 1: Summary of Significant Accounting Policies (continued)**

*Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position (continued)*

Capital Assets

Capital assets include sewage treatment plant and distribution systems, water systems, and furniture, fixtures and equipment. Capital assets are defined by the District as assets with an initial cost of \$500 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or fair value if contributed to the District. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's useful life are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Sewage treatment plant and distribution systems	30-40
Water tank	30
Furniture, fixtures and equipment	5-7

Deferred Inflows of Resources

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District's deferred inflows of resources consist solely of unavailable revenues from property taxes.

*Operating and Non-Operating Revenues and Expenses*

The proprietary fund financial statements distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the District. Operating expenses include the cost of ongoing operations, related administrative expenses, and depreciation expense. Non-operating revenues and expenses are all those that do not meet the criteria described previously.

*Property Taxes*

Property taxes are levied on December 15 of each year and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The Routt County Treasurer's office collects property taxes and remits collections to the District on a monthly basis.

*Use of Estimates*

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Comparative Financial Statements*

The financial statements include certain prior-year summarized comparative financial information in total. Such information does not include sufficient detail to constitute a presentation in conformity with US GAAP. Accordingly, such information should be read in conjunction with the District's audited financial statements for the year ended December 31, 2013 from which the summarized financial information was derived.

**MORRISON CREEK METROPOLITAN WATER AND SANITATION DISTRICT**  
**Notes to Financial Statements**  
**December 31, 2014**  
(with summarized financial information as of December 31, 2013 and for the year then ended)

**Note 2: Stewardship, Compliance and Accountability**

*Budgetary Information*

Budgets are adopted on a non-US GAAP basis wherein depreciation is not budgeted; capital expenditures are budgeted and recorded as expenditures.

The District conforms to the following procedures, in compliance with CRS, Title 29, Article 1, in establishing the budgetary data reflected in the financial statements:

- Prior to October 15, the Director submits to the Board of Directors a proposed operating budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- Public notice is offered by the Board of Directors to obtain taxpayer comments.
- Prior to January 31, the budget is adopted by formal resolution.
- Expenditures may not legally exceed appropriations at the fund level. Revisions that alter the total expenditures must be approved by the Board of Directors.
- All appropriations lapse at the end of each fiscal year.

The District did not adopt any supplemental appropriations during 2014.

*Compliance*

The District did not have expenditures in excess of appropriations during 2014.

*TABOR Amendment*

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains tax spending, revenue and debt limitations which apply to the State of Colorado and all local governments, excluding enterprises. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Future spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for allowable increases based upon inflation and local growth. Fiscal year spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the fiscal year spending limit must be refunded unless the voters approve retention of such revenue.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR requires local governments to establish emergency reserves. These reserves must be at least 3% of current fiscal year spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The District has reserved \$17,809 of the December 31, 2014 fund balance for this purpose.

The District's voters passed a ballot question on November 4, 2003, authorizing the District to collect, retain and spend for any lawful purpose the full revenues generated from all sources in fiscal year 2003 and in each fiscal year thereafter.

The District's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions may require judicial interpretation.

**MORRISON CREEK METROPOLITAN WATER AND SANITATION DISTRICT**  
**Notes to Financial Statements**  
**December 31, 2014**  
(with summarized financial information as of December 31, 2013 and for the year then ended)

**Note 3: Detailed Notes on the Fund**

*Deposits*

The carrying amount of the District's deposits at December 31, 2014 and 2013 was \$566,374 and \$562,193, respectively, and bank balances were \$585,698 and \$612,611, respectively. Of the bank balances, \$250,000 at both December 31, 2014 and 2013 was covered by federal deposit insurance and \$335,698 and \$362,611, respectively, was uninsured but collateralized in accordance with provisions of the Colorado Public Deposit Protection Act (PDPA).

The PDPA requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The collateral pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must equal or exceed 102% of the aggregate uninsured deposits.

*Investments*

At December 31, 2014 and 2013, the District had \$991,436 and \$1,100,855, respectively, invested in the Colorado Government Liquid Trust (COLOTRUST) PLUS+ fund. COLOTRUST PLUS+ is a short-term money market fund organized in conformity with Part 7 of Article 75 of Title 24, CRS. The portfolio offers Colorado governmental entities a convenient and efficient means to pool their funds to take advantage of short-term investments and maximize net interest earnings. COLOTRUST PLUS+'s investment objective is to obtain as high a level of current income as is consistent with the preservation of capital and liquidity. The investment advisor for COLOTRUST PLUS+ is Public Trust Advisors LLC (PTA), a Colorado-based investment adviser, registered with the SEC. The portfolio manager is responsible for making all of the investment decisions for the portfolio. Wells Fargo Bank, N.A. is custodian of the portfolio's securities and cash. COLOTRUST+ portfolio invests in U.S. Treasury securities, federal instrumentality securities, agency securities, repurchase agreements, tri-party repurchase agreements, collateralized bank deposits, the highest rated commercial paper, and highly-rated corporate bonds. The PLUS+ fund holds a 'AAAm' rating by Standard and Poor's.

The District's investments are subject to interest rate risk, credit risk, and concentration of credit risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the District currently invests only in investment pools which may be redeemed at any time.

*Reserve Cash*

The District's board of directors has designated a reserve cash balance for future capital improvements. The reserve cash balance at December 31, 2014 is \$1,243,838.

(with summarized financial information as of December 31, 2013 and for the year then ended)

**Note 4: Other Information**

*Intergovernmental Agreements*

Stagecoach Reservoir Storage Agreement

The District entered into an agreement with the Upper Yampa Water Conservancy District (UYWCD) on December 5, 1986 to purchase annually on a "take or pay basis" 500 acre feet of storage water in Stagecoach Reservoir at a price of \$35.00 per acre foot for a term of thirty years. At the end of the thirty year period the District has five successive 10-year options to renew the right of purchase at the same price.

Yamcolo Reservoir Storage Agreement

The District entered into an extension and amendment agreement with the UYWCD effective July 15, 2011 for 60 acre feet of storage water in the Yamcolo Reservoir for thirty years terminating July 15, 2041. The initial purchase price for the storage water was \$68.38 per acre foot and is subject to an annual CPI increase thereafter. The District paid \$74.34 per acre foot of storage water for the year ended December 31, 2014.

*Risk Management*

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The District maintains commercial insurance for these risks by participation in an insurance pool.

The District is a member in the Colorado Special Districts Property and Liability Pool (the Pool). The Pool creates an opportunity for members to control their own insurance costs through the joint pooling of resources, making it possible to self insure property, liability and workers' compensation insurance. The Pool is member-owned, and all surplus revenues support the stabilization of rates, coverage enhancements, innovation, and technology to bring the most value to its members. The Pool provides property, liability, workers' compensation and associated coverage, and claims and risk management services to its members. The District has not had losses of a material amount in any of the preceding three years.

The Pool has contracted with a third party to operate, administer and manage the Pool. In the event aggregated losses incurred by the Pool exceeds amounts recoverable from the reinsurance contracts and capital and surplus accumulated by the Pool, the Pool may require additional contributions from its members.

*Defined Compensation Plan*

District employees may voluntarily contribute to a deferred compensation plan, an Internal Revenue Code Section 457 defined contribution plan administered by Lincoln Financial Group. The plan, available to all full-time employees, permits them to defer a portion of their salary until future years. Plan assets are held in trust for the exclusive benefit of participating employees and are not accessible by the District or its creditors.

The District's contribution for each employee and investment earnings allocated to the employee's account are fully vested. The District contributes up to 6% of full-time employees' wages. The District's contributions to the plan were \$9,421 and \$9,410 during the years ended December 31, 2014 and 2013, respectively.

*Subsequent Events*

The District evaluated subsequent events through April 13, 2015, the date these financial statements were available to be issued.
